

SAM Medical Center

To deliver the love with the best medical service to neighborhood

Since 1967, SAM Medical Center has been serving Anyang citizen as a first general hospital in Anyang province. Furthermore, SAM Medical Center has played a critical role for poor and needy setting a free clinic on every Sundays for foreign workers and helping child headed family and north Korean defector.

SAM Medical Center including Anyang SAM Hospital, SAM Women's hospital, SAM Oriental Hospital and G SAM Hospital(which is going to open in 2012) seeks holistic healing which cares not only patient's body but also their soul and spirit.

SAM Medical Center started to move forward as a global hospital based on 40years history in Anyang province as a 1st general hospital.

In 2007, SAM Medical Center opened an Integrative Cancer Center which is equipped with state-of-the-art equipments such as VMAT, ANGIO, HIFU Knife and PET-CT. Furthermore, SAM Medical Center provides cooperative consultation with various departments to deliver the best medical service to the cancer patients. So cancer patients can have a hope for their life.

SAM Medical Center has 5 visions; Medical service, Missionary, Service, Research and Education. With this 5 visions, SAM Medical Center sends medical team to the world where is suffered from terrible disasters such as Indonesia Tsunami, Pakistan earthquake and Haiti earthquake to save lives there.

Give help to the needy before they asked, hold patient's hand to practice and understand true love.

By opening G SAM Hospital which is cancer treatment specialized hospital in 2013, SAM Medical Center will be the Korea representative hospital in the world and fight with Cancers continuously to offer a hope to cancer patients.
